

# OHBM 2025

## SCHEDULE AT A GLANCE

### Monday, June 23

<b>Registration</b> <b>1500 - 1800</b>	Registration Open
---	-------------------

### TUESDAY, JUNE 24

Registration 0800 - 2130	Registration Open			
Educational Courses (Full Day) 0900 - 1730	<a href="#">Brain Modes, Components, and Gradients: Theory and Application</a> <b>Location: M1</b>	<a href="#">How to Use MRI to Optimize Brain Stimulation (tES/TMS/tFUS)</a> <b>Location: M2</b>	<a href="#">Neural Field Theory and Brain Network Modelling for Human Brain Mapping</a> <b>Location: M3</b>	<a href="#">Neuroanatomy and its Impact on Structural and Functional Imaging (In Memory of Karl Zilles)</a> <b>Location: M4</b>
Educational Courses (Morning Half Day) 0900 - 1300	<a href="#">Best Practices in Naturalistic Neuroimaging</a> <b>Location: Great Hall</b>	<a href="#">fMRI-based neurofeedback: A tool to probe &amp; target neurocircuitry across health &amp; disease</a> <b>Location: P1</b>	<a href="#">Maximizing scientific efficiency through sustainability, reproducibility, and FAIRness</a> <b>Location: P2</b>	<a href="#">New frontiers in neuroimaging meta-analyses</a> <b>Location: P3</b>
Mid-day Break 1300 - 1330	Mid-day Break			
Educational Courses (Afternoon Half Day) 1330 - 1730	<a href="#">Practical course to understand, assess, and deal with analytical variability of brain imaging pipeline</a> <b>Location : P1</b>	<a href="#">When they go high we go low: principles, challenges and applications of ultra-low field MRI scanning</a> <b>Location: P3</b>	<a href="#">Where is my signal? An interactive course on incorporating spatial information in fMRI analysis</a> <b>Location: P2</b>	
Opening Ceremony & Talairach Lecture 1730 - 1930	<i>Special thanks to Brisbane Economic Development Agency (BEDA) for their generous support of our opening ceremony</i> <a href="#">Talairach Lecture: Paul M. Thompson PhD.</a> <b>Location: Great Hall</b>			
Networking Event 1930 - 2130	Welcome Reception <b>Location: Plaza Terrace Room &amp; Outside Terrace (BCEC)</b>			

WEDNESDAY, JUNE 25			
Registration 0800 - 1900	Registration Open		
SIG Activity 0800 - 0900	<a href="#">OSR Round Table: Open Science Room Opening ft. BIDS Annual Updates</a> <b>Location: Exhibition Hall 1</b>		
Morning Symposia 0900 - 1015	<a href="#">Advancements in Brain Stimulation Modeling</a>  <b>Location: M2</b>	<a href="#">Beyond Pairwise: Examining Higher-Order Interactions (HOI) to Decode Brain Dynamics and Function</a>  <b>Location: M3</b>	<a href="#">Boosting the Clinical Relevance of Movie Paradigms to Probe Mechanisms of Psychiatric Illness</a>  <b>Location: Great Hall</b>
	<a href="#">Brain activity propagation: elucidating origins, mechanisms, and behavioral significance</a>  <b>Location: M4</b>	<a href="#">Clinical applications of brain mapping across the lifespan</a>  <b>Location: P2</b>	<a href="#">Sex, Gender, and Brain: From Research To Clinical Practice</a>  <b>Location: P3</b>
Keynote Lecture 1030 - 1115	<a href="#">Adeel Razi, PhD.</a> <b>Location: Great Hall</b>		
LOC Symposium 1115 - 1230	<a href="#">A Showcase of Neuroimaging Research in Australia</a> <b>Location: Great Hall</b>		
Exhibitor Hours 1200 - 1545	<b>Location: Exhibition Hall 1</b>		
Roundtables 1245 - 1345	<a href="#">The Communications Committee's Communication Competitions (ComCom's Comms Comps) Part 1</a> <b>Location: M2</b>	<a href="#">Synergizing functional brain imaging results in an era of information abundance &amp; technological rise</a> <b>Location: M3</b>	<a href="#">Chromosomes and Hormones: Sex-Related Factors to Consider for all Neuroscience Research</a> <b>Location: M4</b>
SIG Activities 1245 - 1345	<a href="#">OSR Table Talk: Incentives for Open Science</a> <b>Location: Exhibition Hall 1</b>		<a href="#">SPSIG Lunch with Mentors</a> <b>Location: P3</b>
Poster Stand-by Time 1315 - 1515	Visit Exhibit Booths and Posters		

WEDNESDAY, JUNE 25				
Afternoon Symposia 1515 - 1630	<a href="#">Computational Models integrating Neurobiology and Social determinants of Brain Health</a> <b>Location: Great Hall</b>	<a href="#">DIC Symposium: First Nations People in Neuroimaging Research</a> <b>Location: M2</b>	<a href="#">From connectome mapping to surgical interventions</a> <b>Location: M3</b>	
	<a href="#">From fMRI to Optical Imaging: A Paradigm Shift in Naturalistic Cortical Mapping</a> <b>Location: M4</b>		<a href="#">From neuroimaging to neurobiologically informed brain stimulation</a> <b>Location: P2</b>	
Keynote Lecture 1645 - 1730	<a href="#">Melanie Boly, PhD.</a> <b>Location: Great Hall</b>			
Oral Sessions 1745 - 1900	<a href="#">Brain stimulation: Treatment and Modelling</a> <b>Location: Great Hall</b>	<a href="#">Disorders of the Nervous System - Neurodegenerative/Late Life</a> <b>Location: M3</b>	<a href="#">Educational, Data Protection, and Social Aspects of Brain Imaging</a> <b>Location: M4</b>	<a href="#">Genetics: Transcriptomics, Phenotypes and Disorders</a> <b>Location: M2</b>
THURSDAY, JUNE 26				
Registration 0800 - 1900	Registration Open			
SIG Activities 0800 - 0900	<a href="#">OSR Cross-Societies Panel: Scientific Communities, pt. 2: open tools for open (neuro)imaging</a> <b>Location: Exhibition Hall 1</b>		<a href="#">SPSIG Morning Coffee with Trainees</a> <b>Location: TBD</b>	
Morning Symposia 0900 - 1015	<a href="#">High-resolution structural and functional imaging of visual and memory systems</a> <b>Location: P3</b>	<a href="#">How to deal with academic burnout and how to break through it</a> <b>Location: Great Hall</b>	<a href="#">Integrating empirical and computational approaches to drive brain towards healthy dynamical regimes</a> <b>Location: M2</b>	
	<a href="#">Leveraging Diverse Longitudinal Data to Map Neurobiological and Environmental Predictors of Disorder</a> <b>Location: M3</b>	<a href="#">Leveraging pre-clinical multi-modal approaches to understand the neural underpinnings of functional connectivity</a> <b>Location: P2</b>	<a href="#">Machine Learning for Brain Imaging: Predicting Traits, Disease Progression, and Treatment Response</a> <b>Location: M4</b>	
Keynote Lecture 1030 - 1115	<a href="#">Joana Cabral, PhD.</a> <b>Location: Great Hall</b>			

THURSDAY, JUNE 26			
Oral Sessions 1130 - 1245	<a href="#">Early Life Neurodevelopmental Disorder</a> Location: M2	<a href="#">Higher Cognitive Functions</a> Location: M3	<a href="#">Language: Anatomy, Networks and Pathology</a> Location: M4
	<a href="#">Learning and Memory - Temporal Lobe and Beyond</a> Location: P2	<a href="#">Lifespan Development</a> Location: Great Hall	
Exhibitor Hours 1215 - 1615	Location: Exhibition Hall 1		
Roundtables 1300 - 1400	<a href="#">The Communications Committee's Communication Competitions (ComCom's Comms Comps) Part 2</a> Location: M2	<a href="#">Shaping the Future of the ABCD Study: A Roundtable Discussion</a> Location: M3	<a href="#">Charting Progress: A Year in Review and the Road Ahead for Aperture Neuro</a> Location: P2
SIG Activity 1300 - 1400	<a href="#">OSR Table Talk: What's Next for Open Science SIG?</a> Location: Exhibition Hall 1		
Poster Stand-by Time 1345 - 1545	Visit Exhibit Booths and Posters Location: Exhibition Hall 1		
SIG Activity 1445 - 1545	<a href="#">Artist Meet and Greet: Flavors of Reality @ BrainArt Exhibition Space</a> Location: Exhibition Hall 1		
Afternoon Symposia 1545 - 1700	<a href="#">Mapping of amygdala circuits in humans</a> Location: P2	<a href="#">Network controllability: Connecting theory with empirical observations</a> Location: P3	<a href="#">Neuroimaging Insights into Sleep and Cognition across the Lifespan</a> Location: M2
	<a href="#">Normative Modelling of Brain Morphometry and Age: Pathways Towards Clinical Translation</a> Location: Great Hall	<a href="#">Open large-scale collaborations to improve reproducibility</a> Location: M3	<a href="#">Precision Mapping of Individual Human Brains</a> Location: M4
Keynote Lecture 1715 - 1800	<a href="#">Alessandro Gozzi, PhD.</a> Location: Great Hall		
Networking Event 1800 - 1900	Poster Reception Location: Exhibition Hall 1		
Committee Activity 1815 - 1915	<a href="#">Brain Mappers of Tomorrow (Australian Session)</a> Location: P3		
Chinese Young Scholars 1815 - 1945	Frontiers in Multi-Modal Brain Imaging: From Neural Mechanisms to Precision Medicine for Brain Disorders Location: M3		

FRIDAY, JUNE 27			
Registration 0800 - 1900	Registration Open		
GAFF Town Hall 0800 - 0845	General Assembly & Feedback Forum (GAFF) Town Hall - All OHBM members welcome <b>Location: P2</b>		
SIG Activity 0800 - 0900	<a href="#">OSR Table Talk: Recommended Practices in Open Science</a> <b>Location: Exhibition Hall 1</b>		
Morning Symposia 0900 - 1015	<a href="#">Quantitative Imaging of Myelin Plasticity</a> <b>Location: P2</b>	<a href="#">Recent Advances in Whole-Brain MRSI: Voxel-Based Analysis, Connectomics and Clinical Applications</a> <b>Location: M2</b>	<a href="#">Relationship between brain energy consumption and brain organizations</a> <b>Location: M3</b>
	<a href="#">Sex differences and sex specificity in multiscale human brain organization across the lifespan</a> <b>Location: Great Hall</b>		<a href="#">Unraveling brain heterogeneity across scales, systems, and diseases</a> <b>Location: M4</b>
Keynote Lecture 10:30 - 11:15	<a href="#">Anqi Qiu, PhD.</a> <b>Location: Great Hall</b>		
Oral Sessions 1130 - 1245	<a href="#">Modeling and Analysis - Activation</a> <b>Location: P2</b>	<a href="#">Multimodal Psychiatry</a> <b>Location: Great Hall</b>	<a href="#">Neuroanatomy, Metabolism, and Neurotransmission in the Human and Primate Brain</a> <b>Location: M2</b>
	<a href="#">Neuroinformatics and Data Sharing</a> <b>Location: M3</b>		<a href="#">Novel Imaging Acquisition Methods</a> <b>Location: M4</b>
Exhibitor Hours 1215 - 1615	<b>Location: Exhibition Hall 1</b>		
Roundtables 1300 - 1400	<a href="#">The Fundamental Properties of Brain Organization: Progress and Controversy</a> <b>Location: M2</b>	<a href="#">30 Years of SPM: Celebrating the Evolution of Neuroimaging Analysis</a> <b>Location: M3</b>	<a href="#">Accessible Neuroimaging Research and Dissemination via Speech to Text Apps</a> <b>Location: M4</b>
SIG Activity 1300 - 1400	<a href="#">OSR Panel: Harnessing AI and Biological Systems for Advancing Neuroimaging and Biomedical Research</a> <b>Location: Exhibition Hall 1</b>		
OHBM Neurosalience Podcast 1300 - 1400	<a href="#">LIVE Podcast Recording</a> <b>Location: P1</b>		

FRIDAY, JUNE 27			
Poster Stand-by Time 1345 - 1545	Visit Exhibit Booths and Posters <b>Location: Exhibition Hall 1</b>		
Afternoon Symposia 1545 - 1700	<a href="#">Surfing Early Electromagnetic Waves: Unveiling the Developing Brain with EEG/MEG</a> <b>Location: P2</b>	<a href="#">Validating brain connectivity measures: integrating biological, statistical, and clinical evidence</a> <b>Location: Great Hall</b>	<a href="#">The road less traveled: including the brainstem and cerebellum for mapping cognitive pathways</a> <b>Location: M2</b>
	<a href="#">Antisocial Behaviour and the Brain: Novel Neuroimaging Approaches to Elucidate Neural Mechanisms</a> <b>Location: M3</b>	<a href="#">Share it all: challenges in reproducibility from data acquisition to management and analysis</a> <b>Location: M4</b>	
Keynote Lecture 1715 - 1800	<a href="#">Lucina Uddin, PhD.</a> <b>Location: Great Hall</b>		
Networking Event 1800 - 1900	Poster Reception <b>Location: Exhibition Hall 1</b>		
SIG Activity 1815 - 1915	<a href="#">OHBM Women Faculty: Annual Meeting, Career Panel and Networking Event</a> <b>Location: M3</b>		
Networking Event 2100 - 0000	<i>Special thanks to Brisbane Economic Development Agency (BEDA) for their generous support of our Club Night networking event</i> <b>Location: Fortitude Music Hall</b>		
SATURDAY, JUNE 28			
Registration 0800 - 1700	Registration Open		
Morning Symposia 0900 - 1015	<a href="#">Can brain biomarkers inform our understanding of pain and its associated individual differences?</a> <b>Location: P2</b>	<a href="#">Global fMRI Harmonisation to Unlock Insights into Mechanisms, Mental Health and Neurostimulation</a> <b>Location: Great Hall</b>	<a href="#">Neural basis of decision making and fostering decision superiority</a> <b>Location: M3</b>
	<a href="#">PET Imaging in Cognitive Neuroscience: Linking Neurochemistry to Brain Activation and Connectivity</a> <b>Location: M4</b>	<a href="#">The neuroscience behind motor learning</a> <b>Location: M2</b>	
Keynote Lecture 1030 - 1115	<a href="#">Sharna Jamadar, PhD.</a> <b>Location: Great Hall</b>		

SATURDAY, JUNE 28			
Oral Sessions 1130 - 1245	<a href="#">Modeling and Analysis - Connectivity</a>	<a href="#">Multivariate Approaches to Modeling and Analysis</a>	
	Location: Great Hall	Location: P2	
	<a href="#">Social Neuroscience, Emotion and Motivation</a>		<a href="#">Software Demonstrations</a>
	Location: M3	Location: M4	
Exhibitor Hours 1215 - 1615	Location: Exhibition Hall 1		
SIG ACTIVITIES 1300 - 1400	<a href="#">OSR Table Talk: Data governance/infrastructure for Open Datasets</a>		<a href="#">SEA SIG: Silicon vs Carbon: Balancing scientific aspirations with environmental costs</a>
	Location: Exhibition Hall 1		Location: M3
Poster Stand-by Time 1345 - 1545	Visit Exhibit Booths and Posters Location: Exhibition Hall 1		
Closing Ceremony 1545 - 1700	OHBM Leadership Location: Great Hall		
SEE YOU AT OHBM 2026 IN BORDEAUX, FRANCE JUNE 14 - 18, 2026
